**Preacher:**

**Notes:** Persistence to find their place in God where their life is secure in God is what the inconsistent need. There is a difference between touching and Possessing. People have touched the presence of God, but have not yet possessed the power and life of God. Mannah is a substitute food. There is a difference between mannah and corn. We are shallow and dieing in the wilderness. We need to dwell in Canaan land and possess the fullness of God and live in His favor. We are caught up in the temporary touch. Live in the land that reproduces its own supply. ....IN THE LAND. Joshua 5:10

**Text:** John 16:31-33

**Title:** You are not Alone

**Preacher: Millikin**

**Notes:. In this life, there is nothing worse than being alone. Jesus bore our loneliness. No one loves people like Jesus did. To do much for God, than you must do much with God. Matt. 4=when the devil gets you alone and in that lonely place and alienated away from the ones that love us than he has power over us. He thought he could do that with Jesus. You fight the hardest battles all alone.**
